

I would like to extend a gracious thank you to the Lower Mainland Heritage Society for awarding me the Ed Norman Memorial Scholarship.

Returning to school after many years was a scary but exciting experience for me. I knew being a mother of three and juggling my family and school could prove to be difficult. It has been difficult but also energizing, interesting, and fun. I am dedicated to my studies and strive to do my best. I believe I have been setting a good example for my children.

I greatly appreciate this award. As Mr. Norman worked hard to create this scholarship, I will continue to work hard at this program.

Thank you again!

Sincerely,

Kimberly Power
Mining Technician Program
